Clinical Interests or Specialty Areas

General orthopedic rehabilitation including spine, shoulder, knee, and ankle rehabilitation. Specialty interest in strength and conditioning, vestibular rehabilitation, and temporomandibular (TMJ/jaw) dysfunction.

Hobbies and personal interests

Indoor & outdoor semi-competitive fitness such as ultimate Frisbee, ski sports, soccer, and biking. Hobbies include civic involvement in community leadership organizations, yard work, playing stringed instruments, and making colorful art.

Philosophy of Care

“I find great enjoyment daily in helping patients become active and motivated participants in their own rehabilitation with personalized and progressive treatments.”
